Seretos Consulting is almost a decade-old software firm that provides software solutions to the following vertical/niche segments of the industry.

- Enterprise solutions for the Garment/Apparel Manufacturing industries
- Customer Loyalty software solutions, that help organizations drive growth and increase profitability through improved customer and employee loyalty and engagement.
- Payment Solutions for organizations wanting to implement Closed-Loop Prepaid or Gift Card Programs.
- Retail software solutions - PoS & Customer Loyalty software solutions for Apparel Retail businesses.

We offer simple, easy-to-use yet powerful, scalable software and affordable, easy-to-implement solutions. If your business grows – like all good businesses should – our software will keep pace without missing a beat!

We have Cloud-based SaaS offerings for the smallest mom-and-pop stores as well as larger establishments, at costs that are easy… well, really easy, on the pocket!
